

A photograph of the Jeff Tech school building. The building is a single-story structure with a central entrance. Above the entrance, the words "JEFF TECH" are written in large, black, sans-serif capital letters. The building has a mix of light-colored stone or brickwork and dark window frames. A paved walkway leads to the entrance. In the foreground, there is a yellow curb. The sky is blue with some white clouds. Bare tree branches are visible in the upper left corner. The entire image is framed by a green border with yellow speckles.

JEFF TECH

A large, semi-transparent watermark of the Jeff Tech school logo is overlaid on the bottom half of the image. The logo features a stylized green and yellow shield with a central emblem. The text "JEFF TECH" is written in a smaller font above the shield, and "SCHOOL GUIDE" is written in a large, green, serif font across the bottom of the shield.

Our Cooperative Education program offers students the opportunity to receive CTE program area credits while working for businesses and earning a paycheck.

SPECIAL EDUCATION

The special education program at Jeff Tech offers varying levels of support to students with disabilities depending on the areas of need. Our highly qualified special education teaching staff delivers instruction in the classroom utilizing a co-teaching model. Our paraeducators work in the academics, as well as career and technical programs offering support with theory instruction and hands-on application.

ADULT ED

Our vision is to strengthen our community through rigorous and innovative career and technical training. We offer a wide range of adult education opportunities including full-time programs, short-term courses, and online classes.

We offer the following subjects:

English

Science

Phys. Ed

Archery

Social Studies

Math
